

Staff & Board Data

We strive to diversify our staff and Board of Directors to remain culturally competent while ensuring our provision of services best represents the people we serve.

Of our staff, 42% identify as Black, Latinx and/or other people of color. Ten percent identify as LGBTQ+. More than 60% of our staff are women, including our top two executives.

Our Board of Directors is comprised of 33% Black, Latinx and/or other people of color, and 75% are living in recovery from a gambling and/or substance use disorder.
